Commissioner of Patents and Trademarks
Washington, D. C. 20231RENEWED PETITION UNDER CFR1.181

Sir:

This is in response to the United States Patent and Trademark Office Action mailed August 2, 2002, in which the Petition filed February 9, 2001 was dismissed on the grounds that certain elements of the required Petition were not provided therein (copy enclosed).

By this Renewed Petition, the Declaration of Mr. Friedman is resubmitted to add that Mr. Friedman states that the docket record provided is a copy of the docket record where the nonreceived Office communication would have been entered had it been received and docketed. Additionally, the declaration provides an explanation of the records. Further, Mr. Friedman corrects his statement to write that the docket entries are for the period between May 4, 2000 and June 22, 2000.

Applicant thus never received such Notice of Missing Requirements. In fact, no communication was received from the USPTO in connection with the instant application until receipt of the above Notice of Abandonment.

In view of the above, the Notice of Abandonment should be withdrawn and a new Notice of Missing Requirements be mailed on the subject patent Application. It is believed that this petition does not require a fee, but if one is required, authorization to charge Deposit Account 06-2140 is hereby granted.

Respectfully submitted,

Mark M. Friedman
Attorney for Applicant
Registration No. 33,883

SUPPLEMENTARY DECLARATION IN SUPPORT OF PETITION

I, Mark M. Friedman, of 7 Haomanim Street, Tel Aviv, Israel, declare the following:

1. Further to my previous declaration, I hereby declare that the docket record provided is for the period between May 4, 2000 and June 22, 2000. The docket record is a copy of the docket record where the nonreceived Office communication would have been entered had it been received and docketed.
2. The docket record provided indicates all docket items entered into the computer database. The first column indicates the file number. The second column indicates the task entered, and includes the country code of the country issuing the official action. Enclosed herein is an example page of the New Docket Entries for items docketed on May 9, 2000. Highlighted is the item docketed for file 1385/1. A Notice of Allowance was sent May 4, 2000, whereby the requirement to pay issue fee ends three months later, on August 4, 2000. This docket item, entered into my computer database, calculates the due date according to the mailing date, resulting in the task date appearing in the fourth column. Also see the docket item for file 1767/1. The item docketed is an Office action having a three months

response period. The target dated appearing in the fourth column shows a due date of August 1, 2000. This means the USPTO mailing date was May 1, 2000.

3. Accordingly, an Notice of Missing Parts with a due date of response of June 17, which had it been entered into the docket record, would have been listed in the docket records previously provided.

4. This indicates that I never received a Notice of Missing Requirements or any other action on the above entitled application.

5. In view of the above I verily believe that such a Notice of Missing requirements had either not, in fact, been mailed or, if it had, then such Notice was subject to a misdelivery by the U.S. Post Office.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Signed this 26 day of September, 2002

Mark M. Friedman
